Subject: Letter of recommendation for
Mr. Mark Robertson

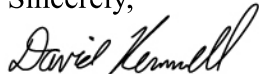

To Whom It May Concern:

Mark worked under my supervision as a draftsman from September 14, 1998 until May 12, 2000. His responsibilities included drawing and customizing floor plans with Auto-Cad, and working with Excel. Mark was also helpful in sending off homes for approval and handling the approvals when they were received back.

Mark proved himself to be an able employee and a hard worker. I was impressed with Mark's knowledge of Auto-Cad. Mark was able to develop new and faster means to get our floor plans done. Mark didn't miss any work and was willing to stay when needed on a project.

Overall, Mark is a very conscientious and able employee. I would strongly recommend Mark for any draftsman/architect position. I believe Mark would make a great addition to any company.

Sincerely,

David Kennell
Plant Engineer
